

ZABET TRUSTHANDS

Selected Consultancy, Facilitation and Technical Advisory Experience

Zabet Trusthands has demonstrated experience delivering high level consultancy, technical advisory, research, policy development, capacity building, facilitation and institutional strengthening assignments for government institutions, international development partners, financial institutions, professional organisations and leading corporate organisations.

Our experience cuts across Integrated Landscape Management, Climate Change, Environmental Governance, Sustainable Development, Monitoring and Evaluation, Public Policy, Institutional Reform, ESG, Green Finance, Business Process Improvement, Taxation, Marketing, Customer Relationship Management and Capacity Development.

A. WORLD BANK FUNDED PROJECTS AND INTEGRATED LANDSCAPE MANAGEMENT

1. Agro Climatic Resilience in Semi Arid Landscapes (ACReSAL) Project

World Bank Funded | Consultancy Services for the Mid Term Review (MTR)

Consultancy services supporting the World Bank Implementation Mid Term Review of the ACReSAL Project, with focus on assessing implementation progress, institutional performance, achievement of the Project Development Objective, sustainability, lessons learned, implementation challenges and recommendations for improved project delivery.

The assignment involved a comprehensive mixed methods assessment covering project implementation, sustainable land management, climate resilience, institutional strengthening, community resilience, stakeholder engagement and the enabling environment for integrated landscape management across participating States.

2. Kwara State Integrated Landscape Management Policy and Action Plan

World Bank Funded

Consultancy services for the development of the Kwara State Integrated Landscape Management Policy and Action Plan, supporting the establishment of an integrated policy framework for sustainable management of land, water, ecosystems, agriculture, forests, biodiversity and other natural resources.

3. Benue State Integrated Landscape Management Policy and Action Plan

World Bank Funded

Consultancy services for the development of the Benue State Integrated Landscape Management Policy and Action Plan, integrating environmental sustainability, climate resilience, natural resource governance, agricultural productivity, ecosystem management and inclusive stakeholder participation.

4. Federal Capital Territory Integrated Landscape Management Policy and Action Plan

World Bank Funded

Consultancy services for the development of the FCT Integrated Landscape Management Policy and Action Plan, with emphasis on sustainable landscape governance, urban and peri urban ecosystem management, climate resilience, land use planning and institutional coordination.

5. Kogi State Integrated Landscape Management Policy and Action Plan

World Bank Funded

Consultancy services for the development of the Kogi State Integrated Landscape Management Policy and Action Plan, providing a strategic framework for coordinated management of natural resources, landscapes, livelihoods and climate related risks.

6. Kebbi State Integrated Landscape Management Policy and Action Plan

World Bank Funded

Consultancy services for the development of the Kebbi State Integrated Landscape Management Policy and Action Plan, addressing sustainable land management, climate resilience, agricultural landscapes, natural resource governance and institutional coordination.

7. Taraba State Integrated Landscape Management Policy and Action Plan

World Bank Funded

Consultancy services for the development of the Taraba State Integrated Landscape Management Policy and Action Plan, addressing the State's diverse ecological systems, agricultural landscapes, forests, watersheds, biodiversity, mountain ecosystems and climate resilience priorities.

Collectively, these assignments demonstrate Zabet Trusthands' growing expertise in state level policy formulation, integrated landscape governance and World Bank supported environmental and climate resilience programming.
